HOW TO OPERATE THIS *Scoremaster*

This system of Scoring (fully copyrighted, and which cannot be reproduced without permission of the copyright owner) takes the "mystery" out of baseball and soft ball scoring, and furnishes a sheet whereby the scorer, or his reader, can accurately "read" the game after it is finished. The author realizes that most scorers have their own private system, and this method "Simplifies" any system, so that he may have a complete record of every player in every inning, and the final result.

The typical scoring system is, of course, for the scorer to follow the player around the diamond on the scoring form, starting at the home plate, on the lower part of the diamond, going thence to first base, second base, third base, and then to the home plate. When a runner reaches a base, draw a line to that base, and indicate by the insignia on the right side of the batter's box, how he reached the base. (Every way of getting to base, except on a fielder's choice is represented by an insignia). Then continue the line to each base which he thereafter reaches. A completed line around the diamond represents a score, and the uncompleted diamond shows that the runner has been left on base, and indicates the base he reached before the end of the inning.

Players are numbered as to positions (see numbers on small diamond within batter's box) as follows: Pitcher **(1)**; catcher **(2)**; first baseman **(3)**; second baseman **(4)**; third baseman **(5)**; shortstop **(6)**; left fielder **(7)**; center fielder **(8)**; right fielder **(9)**.

Insignias at right side of each player's box represents the method of reaching the base, thus; **"HR"**—home run; **"3B"**—three base hit; **"2B"**—two base hit; **"1B"**—a single; **"SAC."**—a sacrifice hit; **"HP"**—hit by pitcher; **"BB"**—base on balls. A mark or line through the insignia, or any mark the scorer may desire, shows how the batter reached the base. A single line from the home plate through the diamond may be drawn to show the direction in which the hit was made. A base on balls, hit by pitched ball, or a sacrifice hit, does not count as a "time at bat."

Batter's **OUTS** are marked within each box by using the number of each player handling the ball, and the number of total outs in each inning, for scorer's convenience, may be indicated by a circle within the box, with the number of the out within the circle, thus ③ would indicate the third and final out of the inning.

If the batter hits a ground ball to the third baseman and is thrown out at first, the figures **"5-3"** would appear within the batter's box; if a runner is forced out at second, by a fielder's choice, or otherwise, by a ball that is hit to any fielder, the figure in the batter's box would appear as **"5-4f"**, using the proper numbers of the fielders handling the ball. A fly-out is shown by the insignia **"F"** and the number of the player making the catch, thus: **"F9"** would indicate that the catch was made by the right fielder. Whether the fly ball is a pop-up or a long fly ball may be indicated by an appropriate **"arc"** over the **"F9"**. A line drive fly ball would be indicated as **"F4"**. Should a ball be taken by the first baseman on the ground, or other baseman, who steps on a base, and makes the out unassisted, the play would be indicated as **"3U"**

ERRORS are shown as follows: Fumble by the shortstop: **"E6F"**; an error on throw by the shortstop: **"E6Th"**; an error on a dropped throw by the first baseman: **"E3D (A4)"**, the **(A4)** indicating an assist by the second baseman, who is credited with an assist whether the out is made or not. Overthrows are indicated by **"OT"**; wild pitch: **"WP"**; pass balls: **"PB"**; strike out: **"K"**; third strike called: **"Kc"**; balk: **"Bk"**; bunt: **"Bt"**; fielder's choice: **"FC"**; foul to catcher: **"f2"**; stolen base: **"S"**, placed at the corner of the base stolen. Runs batted in are indicated by writing in each box, at the home plate, the number of the player who hit the ball scoring the run. Double plays are indicated by connecting players' boxes with small bracket and the sign **"DP"**

The Official Twins of the Majors

Reach
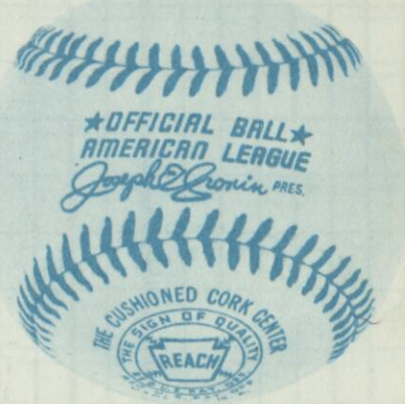
...the One and Only Official Ball of the American League



INSTRUCTIONS: To determine the percentages of Games Won and Lost, divide the total number of games Played into the number of games Won.

TO DETERMINE BATTING AVERAGES, divide total Times at Bat into total number of Hits.

TO DETERMINE FIELDING AVERAGES, divide the total number of Put-outs, Assists and Errors into the total number of Put-outs and Assists.

IN ALL CASES where the remaining fraction is one-half or more, give the full point.
